SECTIONAL BALANCE DRY DOCK.

NAYY DEPARTMENT,
WASHINGTON, D. C., July 26, 1575.
Sealed Proposals, indorsed "Proposals for Building on Iron Sectional Balance Dry Dock." wil. Se received at the Navy Department until 12 o'clock m. on the 16th day of September next, from dry dock builders, manufacturers and mechanics acquainted with that k nd of work, for farnishing the materials for, and the building of, two sections of an Iron Sectional Balance Dry Dock at the Navy Yard, Pensacole, Florida.

Said dock to be creeted and used in a basin is said yard 358 feet in length and 110 77-100 feet in width.

Esch section thereof to be of about the follow-Said dock to be erected and used in a basin in said yard 355 feet in length and 110 77-100 feet in width.

Esch section thereof to be of about the following dimensions, viz: Width, 108 feet; length, 35 feet 6 inches; depth 11 feet; and to have a displacement above its own weight, when completed, ready for use, of about 600 tons.

The general plans and specifications for the whole of this dock have been adopted, and may be seen and examined at the Navy Department. These plans and specifications are, however, adopted and assumed by the Government only as the general plans and specifications controlling the general character and dimensions of the dock, not as guaranteeing its strength, capacity and successful operation. But the contractor must assume and approve them to that extent, and will be himself held responsible that they are suitable and sufficient for the purpose desired, and also for the strength, capacity and successful operation of the dock, when built, for two years after it has been tested and found to be ready for use.

No increase of size and general dimensions will be permitted without the express sanction of the Department.

The contractor will also furnish, for one section, called the engine section, two upright beam engines and boilers, with all the necessary pumps, water tanks, shafting, gearing, machinery and attachments of sufficient strength and power to raise the dock of six sections, with a vassel of 3,200 tons weight upon it, is one hour.

The plans of the engines and boilers, with specifications in detail, must be approved by an engineer of the United States navy, to be appointed by the Department for that duty.

The ma'rials used in building said dock must be, in all its parts, of the best quality of beam,

war
The whole structure will be built under the inspection of the superintendent appointed by the
Department, who will have authority to reject
any material or portion of the work not considered
by him to be of proper quality and workman. ship.

The contractor will be required to give security
in the amount of \$500,000, with not less than two
sureties, who will furnish the usual certificates
that they possess property free from incumbrance
equal to twice the amount for which they are held NATIONAL REPUBLICAN

which it is designed, as set out in this advertisement and in said contract, and that it will operate successfully for two years after it has been accepted for use.

The work will be completed and the two sections ready for use within five months from the date of signing the contract.

Payments will be made in ten equal parts, as the work progresses, upon bills duly certified to by the superintendent on the part of the Government; the Government reserving twenty per cent. (20) of the amount of each bill as additional security until the final completion and acceptance of the work.

All "straw bids" will be at once rejected, and the Department reserves the right to reject any bid from persons considered not competent to do the work, and all bids not believed to be for the interests of the Government; and, for the purpose of securing proper information on these points, a board of officers, cons sting of one line officer, one engineer and one constructor, will be appointed by the Department to examine the bids, and investigate and report upon the experience and ability of the persons bidding, and the facilities at their command for properly executing the work required; and the Department will not award the contract to any one of whom such report is not, in all respects, satisfactory.

GOVERNMENT SALES. SALE OF SCRAP AND WASTE PAPER, &c. QUARTERMASTER GENERAL'S OFFICE, WASHINGTON, D. C., Sept. 7, 1873.
